**NOTICE REGARDING ADVISORY SCOPE OF WORK FOR  
THE SAN DIEGO AND IMPERIAL SHEET METAL WORKERS'  
GENERAL PREVAILING WAGE DETERMINATION**

The California Labor Code requires the Director of the Department of Industrial Relations to determine the prevailing rate of per diem wages for all workers employed upon public works projects. The Division of Labor Statistics and Research ("DLSR") undertook an investigation to determine the prevailing wage rates for the **installation of solar and photovoltaic systems in Los Angeles, San Diego and Imperial Counties**. The results of the questionnaire have been compiled and based on them the minimum rate of pay for the work in question is -- **Electricians: Inside Wiremen** for the LOS-2009-2, SDI-2009-2, and IMP-2009-2 General Prevailing Wage Determinations.

The type of work listed below, as identified in the Sheet Metal Workers Addendum to the Standard Form of Union Agreement A-01-05 by and between Sheet Metal Workers International Association, Local Union 206 and the San Diego Chapter of the Sheet Metal and Air Conditioning Contractors National Association, were not published or recognized for the **San Diego and Imperial Counties** by the Department of Industrial Relations in the **August 22, 2009** issuance of the San Diego and Imperial Sheet Metal Workers' general determinations, **SDI-2009-2 and IMP-2009-2**. The rates associated with this unrecognized type of work (solar systems) **SHALL NOT** be applied or used on public works projects for the associated type of work.
